

Folly Beach

Willet

One of the Largest Bird Lists in South Carolina

On the north end of beautiful **Folly Beach, South Carolina**, sits an Audubon Birding Hotspot. The Lighthouse Inlet Heritage Preserve is an important nesting habitat for coastal birds, where in fall you can view a variety of adults with their young including the American Oystercatcher, the Willet, the Least Tern, and the Wilson's Plover.

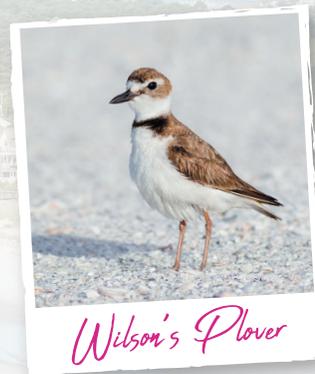

Lighthouse

Least Tern

American Oystercatcher

Wilson's Plover

A funky little beach town filled with restaurants, shops, history, and adventure all served with a heaping helping of Southern hospitality. 9 miles to Downtown Charleston... **VisitFolly.com**
